Mehrad Yaghoubi

Computer vision and uncertainty-aware learning

Karaj, Iran | mehradyaghoubi96@gmail.com

https://mehradyaghoubi.github.io/ | https://github.com/MehradYaghoubi | https://www.linkedin.com/in/mehrad-yaghoubi

Research profile

M.Sc. student in AI (GPA 18.45/20), preparing for thesis defense. Research on uncertainty-guided learning in visual speech recognition and decision making in Go. Seeking a fully funded PhD in computer vision or efficient deep learning.

Selected research

Entropy-Gated Online Self-Distillation for Visual Speech Recognition Based on Connectionist Temporal Classification

Mehrad Yaghoubi, Azam Bastanfard. 2026. Preprint · Under review at The Visual Computer.

EGOSD uses an auxiliary belief module to estimate frame-level uncertainty and control online self-distillation in a lightweight VSR model, with negligible additional inference cost.

https://doi.org/10.2139/ssrn.6831426

Belief-Guided Decision Making with Uncertainty Gating in the Game of Go

Mehrad Yaghoubi, Azam Bastanfard, Abbas Jalilvand, Ashkan Rezaei. 2026. arXiv preprint.

This work explores belief models that account for uncertainty to guide decisions in Go with less reliance on search.

Education

M.Sc. in Artificial Intelligence | Islamic Azad University, Karaj

2024 to 2026 (expected), preparing for thesis defense | GPA: 18.45/20

Thesis: improving lip-reading accuracy with deep neural networks.

B.Sc. in Computer Science (Software Engineering) | Islamic Azad University, Karaj

2017 to 2023 | GPA: 14.68/20

Research software

PyLipExtractor | Open-source Python package for video-based lip-region extraction with MediaPipe, temporal smoothing and configurable CPU/CUDA processing.

https://github.com/MehradYaghoubi/pylipextractor

Technical skills

Python, PyTorch (CUDA), TorchVision, OpenCV, MediaPipe, NumPy, Pandas, scikit-learn, Git, Linux, LaTeX

Research, teaching and professional experience

AI Specialist | Ghasedak Peik Shahr | 2026 · 2 months

Co-founder | Fidar Technology Fartak | 1.5 years

University startup project developing games informed by psychology for crime prevention. The venture was not formally incorporated.

University research | Research Center, Islamic Azad University, Karaj | 1.5 years

Software Instructor | Faculty of Work and Skills, Islamic Azad University, Karaj | 1 year

Programming Instructor | Net College Institute | 1 year

Robotics Instructor | Mohandesin Bartar Institute | 1 year

Languages

Persian (native), English (B1).
