Profile

M.Sc. student in Artificial Intelligence preparing to defend a thesis on lip reading with deep neural networks. Research interests include VSR, efficient models and knowledge distillation. Also interested in applied AI research for operational problems, including logistics. I am seeking a fully funded PhD position in computer vision or a related field.

Research interests

Visual speech recognition and lip reading, lightweight models and efficient inference, knowledge distillation, learning with uncertainty, computer vision, applied AI for operational problems including logistics.

Education

M.Sc. in Artificial Intelligence | Islamic Azad University, Karaj

2024 to 2026 (expected), preparing for thesis defense

GPA: 18.45/20

Thesis: improving lip-reading accuracy with deep neural networks.

B.Sc. in Computer Science (Software Engineering) | Islamic Azad University, Karaj

2017 to 2023

GPA: 14.68/20

Selected research

Entropy-Gated Online Self-Distillation for Visual Speech Recognition Based on Connectionist Temporal Classification

Mehrad Yaghoubi, Azam Bastanfard. 2026. Preprint · Under review at The Visual Computer.

https://doi.org/10.2139/ssrn.6831426

Belief-Guided Decision Making with Uncertainty Gating in the Game of Go

Mehrad Yaghoubi, Azam Bastanfard, Abbas Jalilvand, Ashkan Rezaei. 2026. arXiv preprint.

https://arxiv.org/abs/2607.26946

Research software

PyLipExtractor

An open-source Python package that extracts lip regions from video with MediaPipe. It supports temporal smoothing, optional illumination normalization, and configurable processing on CPU or CUDA.

https://github.com/MehradYaghoubi/pylipextractor

Professional experience

AI Specialist | Ghasedak Peik Shahr | 2026 · 2 months

Developed AI applications and web tools for travel services.

• Built a Persian travel chatbot with three WordPress plugins.

• Developed a bot to check competitor prices.

• Created an operator training dashboard and a custom homepage theme for Parsegasht.

Research and teaching

University research | Research Center, Islamic Azad University, Karaj | 1.5 years

Software Instructor | Faculty of Work and Skills, Islamic Azad University, Karaj | 1 year

Programming Instructor | Net College Institute | 1 year

Robotics Instructor | Mohandesin Bartar Institute | 1 year

Entrepreneurial experience

Co-founder | Fidar Technology Fartak | 1.5 years

The project explored games informed by psychology, with the aim of helping to prevent crime. It remained a university project and was not formally incorporated.

Technical skills

Python, PyTorch, TorchVision, OpenCV, MediaPipe, NumPy, Pandas, scikit-learn, Git, Linux, LaTeX

Languages

Persian (native), English (B1).
